Collins' History of Vermont.

After relating incidents which show he nature of the French and Indian wars, Mr. Collins, in his history of

·Having taken notice of some of the ways of entering the wilderness, let us now turn to the people who came, and see what their work was.

"The results of the French and Indlan war 1744 to 1749 had been the Sawyer of Hardwick, F. N. Whitney driving of the English from every fort and settlement in what is now our state, with the single exception of Fort Dummer. The result of the war from 1755 to 1760 was the driving of conclusion of the business meeting the French from every fortand settle- and appointed the following com ment with the Champlain Valley, mittees: While we cannot expect to find-permanent settlements within the state Belknap, Geo. Doan's Kidney Pills, A Modern Medicine for Every Kidney III.

Every Kidney III.

Mr. T. H. Hughes, of Saxtons River, Vt., employed by B. F. Locke & Co., says: "My kidneys did not act properly for years, and it gradually grew on me. For two or three years they troubled me very much with a duil, aching pain across my back and in my loins. If I stood on my feet for any, length of time, I felt the pain across my back more and my legs became numb. When the pain in my back got so bad that I could stand it no longer, I put on plasters, and I used a great many of them, but they only afforded me temporary relief. I also used medicines of all kinds, but they did not reach the cause. I saw Doan's Kidney Pills advertised, and so well recommended, that I was induced to give them a trial, and I got them at Andrew's drug store. They gave me immediate relief. After the treatment I seidom felt any symptoms of my former troubles, but when I did I took a few of Doan's Kidney Pills and it soon left me, My rhenmatic pains were not so severe, and I did not have that tired, languid feeling. I had more energy in doing my work and give all the credit to Doan's Kidney Pills. They did me a great deal of good, and I feel justified in recommending them to others as a good and reliable medicine."
